

# POCKETS OF HEAVEN

"BEYOND"

SOINE | SUGIANTO

## project description

What am I here for?  
Am I here all alone?  
Is there something above?  
Or something not shown?

As I look to the ground,  
There is no hope beyond,  
As I look to my self,  
There is no hope beyond,  
As I look up, light, untouched,

Is there a God above?  
One who loves?  
Is there something beyond?  
A meaning to be found?

What are these shadows?  
Are they not souls passing by?  
Who is my God?  
Who am I?

"beyond" gives light to the decline of Western societies' awareness of the spiritual realm. there is a blindedness to the reality of the existence of God, the evidence of things not seen. "beyond" provides place. it offers a transcendant moment, giving a glimpse into a spiritual reality.
